

# LUIGI JOSE LAURON

## WEB DEVELOPER

I'm adaptive to change and is open for new learnings and opportunities. I've learned and is still learning new things in IT and everything in its orbit. I'm fascinated with web programming, (e.g. building websites.)

I started as a Graphic Designer at JAPAN INTERTRADE CALLCENTER (JICC), after 2 years I applied Graphic Designer at Shima later on I was absorbed and hired as a front-end developer which helped me with the beginning of my career.

I am looking for a company where I can grow my career, do my craft and where I can work as a front-end developer.

It would be a great opportunity for me to offer you my commitment and my passion for my work, if I'd be given a chance to be part of your wonderful team.
